In State Tournaments, if a Teeny Field is more than 180 feet from home plate to the foul fence or to center field, a temporary fence must be erected at a 150-foot distance. Bases will be 60 feet apart. Pitching distance shall be 42 feet.

B3. Junior teams will play on fields as set forth in the Official AABA Junior and Teeny Playing Rules. In State Tournaments, if a Junior Field is more than 230 feet from home plate to the foul fence or to center field, a temporary fence must be erected at a 200-foot distance. Pitching distance shall be 50 feet in "A" and "AA".

C3. Senior teams will play on fields as set forth in the Official Baseball Rulebook.

D3. When tournaments have been awarded to a park where field dimensions vary, no protests will be allowed.

E3. All AABA sanctioned teams must have a home field with restroom facilities. Sanctioned teams must play their home games on their home field.

SECTION 4. THE PLAYING FIELD GUIDELINES

A4. The field will be laid out according to the following diagrams. The infield shall be a 60 feet square in Teeny and a 70 feet square in Junior.

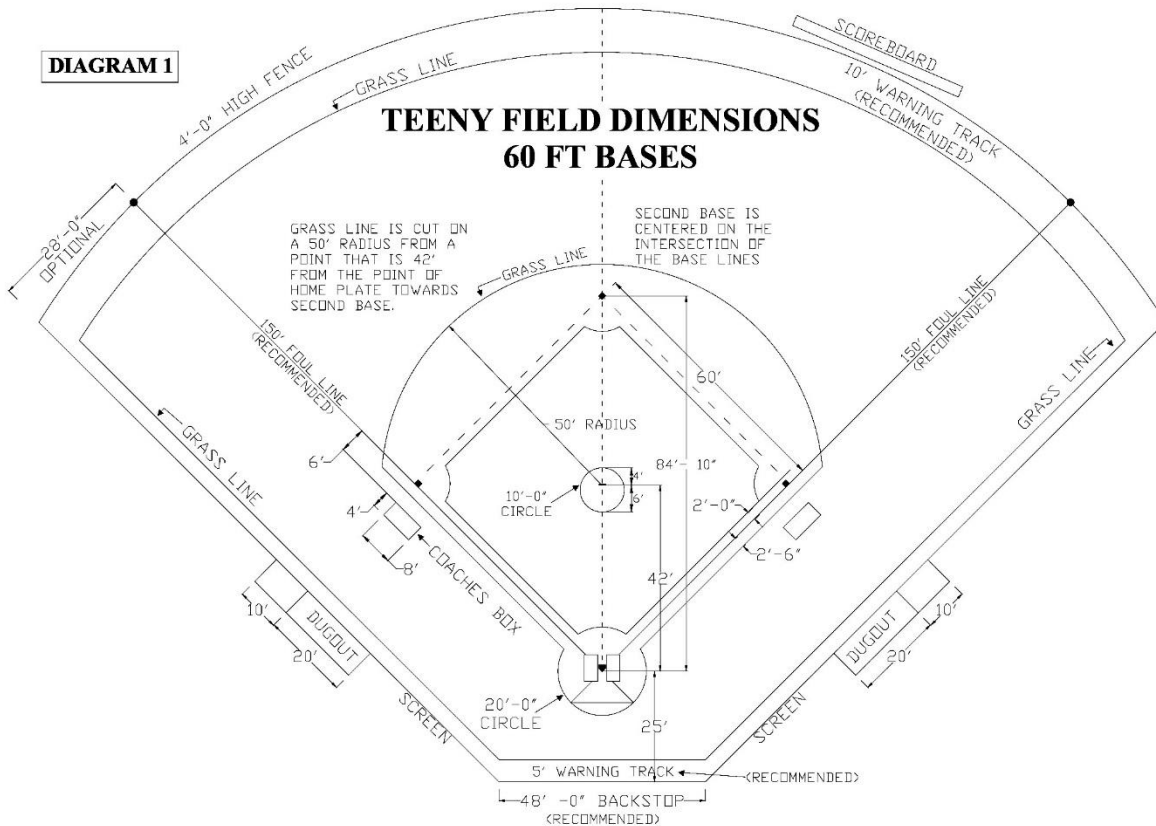

B4. The outfield shall be the area between two foul lines formed by extending two sides of the square as in diagram 1. The distance from home base to the nearest fence, stand or other obstruction on fair territory should be 200 feet or more for Junior League and 150 feet or more for Teeny League.

C4. The pitcher's plate shall be six inches above the level of home plate.

D4. The infield and the outfield, including the boundary lines, are fair territory, and all other area is foul territory.

E4. It is recommended that the distance from home plate to the backstop, and from the baselines to the nearest fence, stand, or other obstruction in foul territory should be 25 feet or more.

F4. Base Distances -TEENY AND PREP LEAGUE - When location of home plate is determined, measure 84 feet 10 inches to determine second base. From home plate measure 60 feet toward first base and from second base measure 60 feet toward first base--the intersection of these lines establishes first base. From home plate measure 60 feet toward third base and from second base measure 60 feet toward third base--the intersection of these two lines establishes third base. The distance between first base and third base is 84 feet 10 inches. All measurements from home plate shall be taken from the point where first and third base lines intersect.

i. **JUNIOR LEAGUE** - When location of home plate is determined, measure 99 feet to determine second base. From home plate measure 70 feet toward first base and from second base measure 70 feet toward first base--the intersection of these lines establishes first base. From home plate measure 70 feet toward third base and from second base measure 70 feet toward third base--the intersection of these two lines establishes third base. The distance between first base and third base is 99 feet. All measurements from home plate shall be taken from the point where first and third base lines intersect.

NOTE: If the impact of a runner breaks a base loose from its position, no play can be made on that runner at that base if the runner had reached the base safely. If there is continual action involving a subsequent runner, the base plate becomes the actual base for rendering of the umpire's decision. O2. The pitcher's plate shall be 18 inches by 4 inches rectangular. It shall be made of white rubber. It shall be set in the ground as shown in the diagrams. P2. The distance from the front side of the pitcher's plate and the rear point of home base shall be 50 feet for junior play and 42 feet for teeny play. The league shall furnish player's benches, one each for the home and visiting teams. Such benches should not be less than twenty-five feet from the base lines. They shall be protected by fencing or wire.

G4. The catcher's box, the batter's box, the coach's box, the three-foot base lines and the next batter's box shall be laid out as per diagrams 1, 2, and 3.

H4. The catcher's box extends approximately 6 feet 4-3/4 inches to the rear of home plate. It is determined by extending each foul line 9 feet beyond the back point of home plate.

I4. The batter's box shall be rectangular, 6 feet by 3 feet. The inside line shall be parallel to and 4 inches away from the side of home plate. It shall extend forward from the center of home plate 3 feet and to the rear 3 feet.

J4. The coaches' boxes shall be 4 feet by 8 feet and shall not be closer than 6 feet from the foul lines.

K4. The foul lines and all other playing lines indicated in the diagrams by solid black lines shall be marked with chalk or other white material. Caustic lime must not be used.

L4. The grass lines and dimensions shown on the diagrams are those used in many fields, but they are not mandatory. **NOTE:** Grass infields in AABA play are not mandatory.

It shall be a 17-inch square with two of the corners filled in so that one edge is 17 inches long, two 8 1/2 inches and two are 12 inches. It shall be set in the ground with the point at the intersection of the lines extending from home base to first base; with the 17-inch edge facing the pitcher's plate and the two 12-inch edges coinciding with the first and third base lines. The top edges of home base shall be beveled and the base shall be fixed in the ground level with the ground surface. The black beveled edge is not considered part of home plate.

N4. First, second, and third bases shall be 15 inches square and not more than 2 1/4 inches thick. First and third bases shall be entirely within the infield. Second base shall be centered on second base. Bases designed to disengage their anchor systems for safety purposes are permitted

SECTION 5. DEFINITIONS OF TERMS

ADJUDGED is a judgment decision by the umpire.

An **APPEAL** is the act of a fielder in claiming violation of the rules by the offensive team.

A **BACKSTOP** is the barrier erected behind the catcher in order to allow the catcher to retrieve passed balls.

A **BALK** is an illegal act by the pitcher with a runner or runners on base, entitling all runners to advance one base. A balk is not called in Teeny play.

A **BALL** is a pitch, which does not enter the strike zone in flight and is not struck at by the batter. **NOTE:** If the pitch touches the ground and bounces through the strike zone it is a ball. If such pitch touches the batter, the batter shall be awarded first base. If the batter swings at the pitch and misses, it is a strike. If the batter hits such a pitch, the ensuing action shall be the same as if the batter hit the ball in flight.

A **BASE** is one of four points which must be touched by a runner in order to score a run; more usually applied to the canvas bags and the rubber plate which mark the base points.

A **BASE COACH** is a team member who is stationed in the coach's box at first or third base to direct the batter and the runners.

A **BASE ON BALLS** is an award of first base granted to a batter who, during his time at bat, receives four pitches outside the strike zone.

A **BATTER** is an offensive player who takes his position in the batter's box.

BATTER RUNNER is a term that identifies the offensive player who has just finished his time at bat until he is put out or until the play on which he became a runner ends.

The **BATTER'S BOX** is the area within which the batter shall stand during his time at bat.

The **BATTERY** is the pitcher and catcher.

The **BATTING ORDER** is the list of current defensive players in the order in which they are to bat.

BENCH OR DUGOUT is the seating facilities reserved for players, substitutes and other team members in uniform when they are not actively engaged on the playing field.

A **BUNT** is a batted ball not swung at, but intentionally met with the bat and tapped slowly within the infield.

A **CALLED GAME** is one in which, for any reason, the umpire-in-chief suspends play.

A **CATCH** is the act of a fielder in getting secure possession in his hand or glove of a ball in flight and firmly holding it; providing he does not use his cap, protector, pocket or any other part of his uniform in getting possession. It is not a catch, however, if simultaneously or immediately following his contact with the ball, he collides with a player, or with a wall, or if he falls down, and as a result of such collision or falling, drops the ball. It is not a catch if a fielder touches a fly ball, which then hits a member of the offensive team or an umpire and then is caught by another

defensive player. If the fielder has made the catch and drops the ball while in the act of making a throw following the catch, the ball shall be adjudged to have been caught. In establishing the validity of the catch, the fielder shall hold the ball long enough to prove that he has complete control of the ball and that his release of the ball is voluntary and intentional. A catch is legal if the ball is finally held by any fielder, even though juggled, or held by another fielder before it touches the ground. Runners may leave their bases the instant the first fielder touches the ball. A fielder may reach over a fence, railing, rope or other line of demarcation to make a catch. He may jump on top of a railing, or canvas that may be in foul ground. No interference should be allowed when a fielder reaches over a fence, railing, rope, or into a stand to catch a ball. He does so at his own risk. If a fielder, attempting a catch at the edge of the dugout, is "held up" and kept from an apparent fall by a player or players of either team and the catch is made, it shall be allowed.

The CATCHER is the fielder who takes his position back of the home base.

The CATCHER'S BOX is that area within which the catcher shall stand until the pitcher delivers the ball.

A COACH is a team member appointed by the manager to perform such duties as the manager may designate, such as but not limited to acting as base coach.

A DEAD BALL is a ball out of play because of a legally created temporary suspension of play.

The DEFENSE (or DEFENSIVE) is the team, or any player of the team, in the field.

A DOUBLE HEADER is two regularly scheduled or rescheduled games, played in immediate succession.

A DOUBLE PLAY is a play by the defense in which two offensive players are put out as a result of continuous action, providing there is no error between putouts. 1. A force double play is one in which both putouts are force plays. 2. A reverse force double play is one in which the first out is made at any base and the second out is made on a runner for whom the force is removed by reason of the first out. Examples of reverse force plays: runner on first, one out; batter grounds to first baseman, who steps on first base (one out) and throws to second baseman or shortstop for the second out (a tag play). Another example: bases loaded, none out; batter grounds to third baseman, who steps on third base (one out); then throws to catcher for the second out (tag play).

DUGOUT (See definition of BENCH)

A FAIR BALL is a batted ball that settles on fair ground between home and first base, or between home and third base, or that is on or over fair territory when bounding to the outfield past first or third base, or that touches first, second or third base, or that first falls on fair territory on or beyond first base or third base, or that, while on or over fair territory touches the person of an umpire or player, or that, while over fair territory, passes out of the playing field in flight. NOTE: A fair fly shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the fielder is on fair or foul territory at the time he touches the ball. If a fly ball lands in the infield between home and first base, or home and third base, and then bounces to foul territory without touching a player or umpire and before passing first or third base, it is a foul ball; or if the ball settles on foul territory or is touched by a player on foul territory, it is a foul ball. If a fly ball lands on or beyond first or third base and then bounces to foul territory, it is a fair hit.

FAIR TERRITORY is that part of the playing field within, and including the first base and third base lines, from home base to the bottom of the playing field fence and perpendicularly upwards. Home base, first base, and third base and all foul lines are in fair territory.

A FIELDER is any defensive player.

FIELDER'S CHOICE is the act of a fielder who handles a fair grounder and, instead of throwing to first base to put out the batter runner, throws to another base in an attempt to put out a preceding runner. The term is also used by scorers (a) to account for the advance of the batter runner who takes one or more extra bases when the fielder who handles his safe hit attempts to put out a preceding runner; (b) to account for the advance of a runner (other than by stolen base or error) while a fielder is attempting to put out another runner; and (c) to account for the advance of a runner made solely because of the defensive team's indifference (undefended steal).

A FLY BALL is a batted ball that goes high in the air in flight.

A FORCE PLAY is a play in which a runner legally loses his right to occupy a base by reason of the batter becoming a runner.

A FORFEITED GAME is a game declared ended by the umpire in chief in favor of the offended team.

A FOUL BALL is a batted ball that settles on foul territory between home and first base, or between home and third base, or that bounds past first or third base on or over foul territory, or that first falls on foul territory beyond first or third base, or that, while on or over foul territory, touches the person of an umpire or player, or any object foreign to the natural ground. **NOTE:** A foul fly shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the infielder is on foul or fair territory at the time he touches the ball. A batted ball not touched by a fielder, which hits the pitcher's rubber and rebounds into foul territory, between home and first, or between home and third base is a foul ball.

FOUL TERRITORY is that part of the playing field outside the first and third base lines extended to the fence and perpendicularly upwards.

A FOUL TIP is a batted ball that goes sharp and direct from the bat to the catcher's hands and is legally caught. It is not a foul tip unless caught and any foul tip that is caught is a strike, and the ball is in play. It is not a catch if it is a rebound, unless the ball has first touched the catcher's glove or hand.

A GROUND BALL is a batted ball that rolls or bounces close to the ground.

The **HOME TEAM** is determined by coin flip.

ILLEGAL (or **ILLEGALLY**) is contrary to these rules. (See AABA Rules and By-laws)

An **ILLEGAL PITCH** is (1) a pitch delivered to the batter when the pitcher does not have his pivot foot in contact with the pitcher's plate; (2) a quick return pitch, or any other act meeting the criteria established.

An **ILLEGALLY BATTED BALL** is one hit by the batter with one or both feet on the ground entirely outside the batter's box.

INELIGIBLE PITCHER – A pitcher that has pitched their allotted number of innings or that has been pulled as pitcher once for Junior. The Senior starting pitcher may return as pitcher.

INELIGIBLE PLAYER - A player on a team's park roster, but not on the tournament roster. A pitcher that has pitched more innings than allowed.

An INFIELDER is a fielder who occupies a position in the infield.

An INFIELD FLY is a fair fly ball (not including a line drive nor an attempted bunt) which can be caught by an infielder with ordinary effort, when first and second, or first, second and third bases are occupied, before two are out. The pitcher, catcher and any outfielder stationed in the infield on the play shall be considered infielders for the purpose of this rule. When it seems apparent that a batted ball will be an Infield Fly, the umpire shall immediately declare "Infield Fly" for the benefit of the runners. If the ball is near the baselines, the umpire shall declare "Infield Fly, if Fair." The ball is alive and runners may advance at the risk of the ball being caught, or retouch and advance after the ball is touched, the same as on any fly ball. If the hit becomes a foul ball, it is treated the same as any foul. **NOTE:** If a declared Infield Fly is allowed to fall untouched to the ground, and bounces foul and remains foul before passing first or third base, it is a foul ball. If a declared Infield Fly falls untouched to the ground outside the baseline, and bounces fair before passing first or third base, it is an Infield Fly. **NOTE:** There is no infield fly in Teeny play.

IN FLIGHT describes a batted, thrown, or pitched ball, which has not yet touched the ground or some object other than a fielder. If the pitch touches the ground and bounces through the strike zone it is a "ball". If such a pitch touches the batter, that batter shall be awarded first base. If the batter hits such a pitch, the ensuing action shall be the same as if the ball was hit in flight.

IN JEOPARDY is a term indicating that the ball is in play and an offensive player may be put out.

An INNING is that portion of a game within which the teams alternate on offense and defense and in which there are three putouts for each team. Each team's time at bat is a half-inning.

INTERFERENCE 1. Offensive interference is an act by the team at bat, which interferes with, obstructs, impedes, hinders or confuses any fielder attempting to make a play. If the umpire declares the batter, batter runner, or a runner out for interference, all other runners shall return to the last base that was, in the judgment of the umpire, legally touched at the time of the interference, unless otherwise provided by these rules. 2. Defensive interference is an act by a fielder, which hinders or prevents a batter from hitting a pitch. 3. Umpire's interference occurs (1) When an umpire hinders, impedes or prevents a catcher's throw attempting to prevent a stolen base, or (2) When a fair ball touches an umpire on fair territory before passing a fielder. 4. Spectator interference occurs when a spectator reaches out of the stands, or goes on the playing field, and touches a live ball. 5. On any interference the ball is dead.

LEGAL (or LEGALLY) is in accordance with these rules.

A LIVE BALL is a ball which is in play.

A LINE DRIVE is a batted ball that goes sharp and direct from the bat to a fielder without touching the ground.

LINE UP is a list of players in batting order and the substitutes.

THE MANAGER is a person appointed by the club to be responsible for the team's actions on the field, and to represent the team in communications with the umpire and the opposing team. 1. The manager shall always be responsible for his team's conduct, observance of the official rules, and deference to the umpires. 2. If a manager leaves the field, that manager shall designate a coach as his substitute, and such substitute manager shall have the duties, rights and responsibilities of the manager. If the manager fails or refuses to designate his substitute before leaving, the umpire in chief shall designate a team member as substitute manager.

OBSTRUCTION is the act of a fielder who, while not in possession of the ball and not in the act of fielding the ball, impedes the progress of any runner. A fake tag is considered an obstruction. **NOTE:** If a fielder is about to receive a thrown ball and if the ball is in flight directly toward and near enough to the fielder so he/she must occupy his/her position to receive the ball, the fielder may be considered "in the act of fielding a ball." It is entirely up to the judgment of the umpire as to whether a fielder is in the act of fielding a ball. After a fielder has made an attempt to field a ball and missed, he/she can no longer be in the "act of fielding" the ball. For example: an infielder dives at a ground ball and the ball passes the fielder and he/she continues to lie on the ground and delays the progress of the runner, the fielder has very likely obstructed the runner.

OFFENSE is the team, or any player of the team, at bat.

OFFICIAL RULES. The rules contained in this book.

An **OUT** is one of the three required retirements of an offensive team during its time at bat.

An **OUTFIELDER** is a fielder who occupies a position in the outfield, which is the area of the playing field most distant from home base.

A RUN DOWN is the act of the defense in an attempt to put out a runner between bases.

A RUNNER is an offensive player who is advancing toward, or touching, or returning to any base.

"SAFE" is a declaration by the umpire that a runner is entitled to the base for which he was trying.

SET POSITION is one of the two legal pitching positions.

SQUEEZE PLAY is a term to designate a play when a team, with a runner on third base, attempts to score that runner by means of a bunt.

A STRIKE is a legal pitch when so called by the umpire, which_

- i. Is struck at by the batter and is missed;
- ii. Is not struck at, if any part of the ball passes through any part of the strike zone;
- iii. Is fouled by the batter when he has less than two strikes;
- iv. Is bunted foul (batter is out and ball is dead, if batter bunts foul on third strike);
- v. Touches the batter's person as he strikes at it (dead ball);
- vi. Touches the batter in flight in the strike zone; or vii. Becomes a foul tip.

"TIME" is the announcement by an umpire of a legal interruption of play, during which the ball is dead.

TOUCH. To touch a player or umpire is to touch any part of his body, his clothing or his equipment.

A TRIPLE PLAY is a play by the defense in which three offensive players are put out as a result of continuous action, providing there is no error between putouts.

A WILD PITCH is one so high, so low, or so wide of the plate that the catcher cannot handle it with ordinary effort.

WIND UP POSITION is one of the two legal pitching positions

C8. The uniform number shall be the criteria for identifying the player on the line-up card. In case of violation, it will be handled as a batter out of turn per the following examples.

EXAMPLES: Player A does not have the uniform number listed on the lineup and bats.

If an ejected player prevents a team from fielding nine (9) players, the manager may insert a player previously used in the line-up. In this case, the opposing team manager shall select the player to re-enter the line-up. A player ejected from the game is not eligible for re-entry. **NOTE:** An improper substitution is NOT basis for disqualification or forfeiture, and should not be confused with action to be taken when playing an ineligible player. (This is an option only, however if you start with 10 you must use 10 the whole game and if a player gets hurt or sick and no substitutes are available an out will be taken when that player is scheduled to bat.)

II10. Double Forfeits will follow this guideline; if both teams are undefeated then a coin toss will be used to determine which loser bracket game each team will go to. The loser of the coin toss will go to the loser bracket for that game, the winner of the coin toss will go to the winner's bracket and then go to the loser's bracket of that game with the team they would have played getting a forfeit win. A player ejected from the game is not eligible for re-entry.
